Notification of Child Care Attendance Mode Change

The Child Care Provider Information (CCPI) system now has three modes for attendance entry. This letter is to inform that your mode has been changed to Weekly Mode effective 06/27/2010.

Your mode will be:

Weekly Mode: Workers and providers enter total number of hours the child attended during a week.

The paper Attendance Report Form (ARF) sent from Madison also reflects the mode the provider is assigned to.

If you are a CCPI user, the User Manual includes information about the attendance modes. The Manual can be found at <http://dcf.wisconsin.gov/childcare/ccpi/manual.htm>.

Training on CCPI attendance entry is posted at <http://dcf.wisconsin.gov/childcare/ccpi/default.htm>.

If you have questions about the change, please contact the Child Care coordinator in your county. The list of coordinators is found at <http://dcf.wisconsin.gov/childcare/wishares/pdf/coordinators.pdf>.
